## **PARISH COUNCILLOR**

### **WHAT THE PARISH COUNCIL DOES**

The Parish Council is responsible for spending £39,000 of your Council Tax each year. It influences and makes decisions about many aspects of village life including:  
Play Parks, Recreation Grounds, Bus Shelters, Open Spaces,  
Street Lighting, Footpaths and Pavements, Conservation,  
Planning Applications, Aircraft Noise and many other matters.

### **WORKING AS A COUNILLOR**

There are seven Council Meetings per year, each lasting for 2 - 2½ hours which are always on the third Tuesday evening of the month. In addition, there is either a Committee Meeting or Working Party in those months when there is no full Council meeting and ongoing input to oversee projects or be responsible for specific areas.

Councillors all want to take part in their village: to make improvements and ensure it remains a safe and pleasant place in which to live.
